**Time “To-Go” and Shop in Colleyville**

*Colleyville, TX* – The way business is conducted is changing as communities across the country work to stop the spread of the Coronavirus. The City of Colleyville recognizes the strain this places on our local businesses and wants to support our local restaurants and retailers impacted by COVID-19. Many are opting to provide “to-go” or delivery services. This effort makes ordering simple and avoids gatherings of groups of people.

In support of this effort the City of Colleyville is rolling out a “to-go” gift card program next week. The program will provide each Colleyville household with a \$35 gift card for purchases at any restaurant or commercial retail businesses within our city. Residents should see gift cards in the mail next week. Once in hand, the gift card can be presented at any Colleyville business for payment for services.

Businesses collect the gift card at point of sale and provide a \$35 discount. The cards may be submitted for reimbursement. If a business chooses not to participate, the City will reimburse the resident directly with a valid receipt. The gift card must be used by April 30, 2020.

“Connecting our community’s two greatest resources, our residents and our businesses, Colleyville endeavors to soften the negative impact of this national crisis” Mayor Richard Newton.

Please call the City Manager’s office with any questions at (817) 503-1111.
